Occasional Care

What is Occasional Care?

- Occasional care is a service provided for children under kindergarten age.
- It is designed for parents to have a break or attend to other commitments, while knowing that their children are being well cared for.
- Occasional care at our Centre is integrated with preschool sessions and caters for the development and educational needs of young children in a caring environment.
- Children are eligible for one care session per fortnight where vacancies exist. We can take eight children per session for 2-4 years olds and four children per session for 0-2 year olds.
- The Occasional care program is currently full to capacity and has a waiting list. Please contact staff for details.
